

Finally, the Science Resource You Want and... Your Students Need

It would be wonderful if all of our science students were perfectly proficient in the skills necessary to fully develop their science understandings. Unfortunately for most of us, students regularly need to be reminded and refreshed on many of these skills. Until now, there hasn't been a single source that provided students with the practical help on topics ranging from safety to study skills as they apply to science and the science classroom. With content and Try This activities specifically written and illustrated to be approachable by a wide range of students, the **Science Skills Handbook** provides that important "assist" for your science students.

TABLE OF CONTENTS

- | | | |
|---------------------------------------|--|--|
| 1. SAFETY IN SCIENCE | 4. RESEARCHING | 7. ANALYZING RESULTS |
| 2. PROCESS OF SCIENCE INQUIRY | 4A Research Skills | 7A The Need to Graph |
| 2A Process of Science Inquiry | 4B Interviewing and Survey Skills | 7B Reading the Graph |
| 2B Asking A Question | 4C Critical Thinking | 7C Constructing Graphs |
| 2C Predicting and Hypothesizing | 5. USING EQUIPMENT IN SCIENCE | 7D Using Math in Science |
| 2D Identifying Variables and Controls | 5A Using the Microscope | 7E Reaching a Conclusion |
| 2E Designing an Inquiry Investigation | 5B Working with Scales and Balances | 7F Reflecting on Your Work |
| 3. PROCESS OF DESIGN | 5C Using Other Scientific Equipment | 8. COMMUNICATING |
| 3A The Problem Solving Cycle | 5D Using Technology Equipment | 8A Writing a Report |
| 3B Identifying a Problem | 5E Fabrication Techniques | 8B Creating a Design Folder |
| 3C Selecting the Best Alternative | 6. OBSERVING & RECORDING DATA | 8C Multimedia Presentations |
| 3D Planning a Prototype | 6A Obtaining Qualitative Data | 8D Exploring an Issue |
| 3E Building a Prototype | 6B Obtaining Quantitative Data | 9. STUDY SKILLS |
| 3F Testing and Evaluating a Prototype | 6C Scientific and Technical Drawing | 9A Setting Goals and Monitoring Progress |
| 3G Patents, Trademarks & Copyrights | 6D Creating Data Tables | 9B Good Study Habits |
| | | 9C Using Your Computer Effectively |
| | | 9D Working Together |
| | | 9E Graphic Organizers |
